GILMAN AUTO BURNED

Fred D. Gilman's large Buick automobile was totally destroyed by fire at Concord yesterday afternoon.

Mr. Gilman was quite badly burned about the hands in attempting to subdue the flames. The accident happened near the Moose river bridge beyond Concord village. Mr. Gilman was alone in the car when a fire broke out on the dasher, probably from crossed wires in the ignition system.

As there were no robes in the car he attempted to beat the fire out with his hands, but seeing that this was useless he started for a farm house nearby to get a shovel with the idea of smothering the fire with dirt. He was too late, however, and could do nothing but watch the car burn.

The gasoline tank exploded and the car was burned beyond repair. The loss is estimated at \$900 which is fully covered by insurance.
